THE LATEST SUCCESSFUL SONG CYCLE

Songs of the Southern Isles

A Cycle of Four Songs

Words by Edward Teschemacher Music by HERMANN LÖHR

[Keys : Low, Medium and High]

Hermann Löhr, one of the most eminently successful composers of English songs, has written nothing more melodious than these **"Songs of the Southern Isles."** The reason for his immense popularity is not difficult to find, for it is seldom that a composer who writes so well and so correctly can also make his music attractive to the general public.

The melody of **"Star of the South"** is as natural and ingenuous as a folk-song. **"I Dream of a Garden of Sunshine"** is a beautiful reverie in which the voice part, a simple and tender melody, floats above the piano accompaniment and gives the harmonic picture a golden edge.

"Cyprian Night Song" has a tinge of languorous Southern passion. It is tranquil on the surface, but there is longing and an echo of sadness in the heart of the singer.

"When Spring comes to the Islands" is redolent of the poetry of May. The rich and rippling accompaniment supplies the accents and the vitality, while the vocal melody wells from the singer like the happy carol of a bird.

The great song-loving public has potent reasons for admiring Hermann Löhr. This new cycle, **"Songs of the Southern Isles" is one of them.**
